

WHAT TO DO IN AN

EMERGENCY

SECURE IN PLACE

Lock doors and windows. Barricade or block entry into facilities, classrooms or offices.

SHELTER IN PLACE

Take immediate shelter where you are within a facility or structure. **DO NOT** lock doors behind you as others may also need to shelter in place.

EVACUATION

If the fire alarm is activated, calmly exit the building and alert others as you leave. Avoid elevators. Know multiple exit routes in case your primary route is blocked. Do not re-enter the building until emergency response personnel have given the all-clear.
