RU MLS Program Clinical Sites

Students will be placed for the clinical rotations completed as part of the MLAB421C and MLAB431C courses at one or more of the clinical sites listed below. Placement is determined by program officials and coordinated with representatives of the clinical affiliates. Students do not need to coordinate their own clinical placements. Clinical affiliates are subject to change at any time. Any questions regarding clinical placement can be directed to Program Director Laura Link (llink1@radford.edu).
